Park Lane Interiors & Distributors Inc.

Manufacturers & suppliers of attractive, high-quality, lightweight mouldings, cornices, crown mouldings & decorative pressed ceilings.

With our computerized machine, using high-density XPS polystyrene, we manufacture a whole variety of lightweight mouldings such as cornices, LED uplighters, and also external mouldings such as window sills & surrounds. We have done quoins (and cornice) with Trowel Plastics Coral Render finish which withstood Hurricane Elsa ! We have recently supplied a 16" feature band to the façade of a project currently under construction - this was finished with ½" coral render

Note - we can manufacture to your design

**We have 12 Standard
Cornice Profiles**

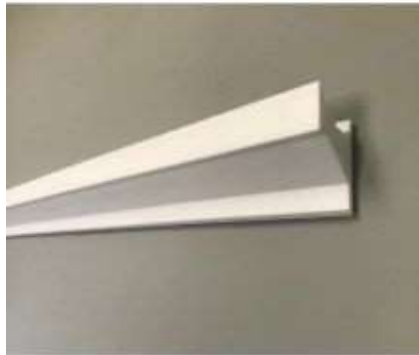

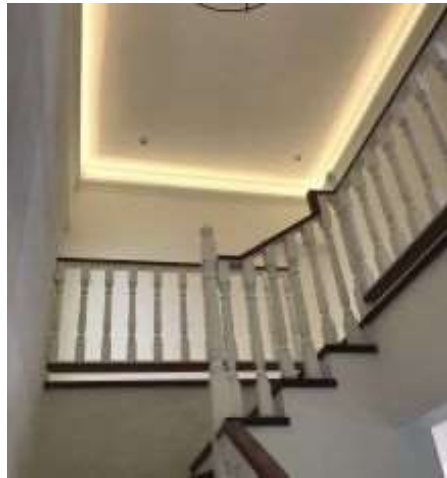

**We can manufacture
mouldings to your design
- ideal for renovations too**
